

I'm writing on behalf of KLOVE Radio. This current programming is important to me and my family, and provides a safe radio listening environment that we have enjoyed and support with our own money, through their pledge drives. Local community events are "advertised" and provides community involvement at all levels for the benefit of the community. The service provided by K-LOVE is in the public interest, in that it provides a support mechanism and contact points for people within the community that are struggling or who want to help others. This is one of many faith based initiatives and organizations that is working and beneficial.
